The rescue and rescue service of Ciudad de Mar will activate next Saturday, July 1, the schedules and reinforcements for the summer season, the maximum influx of swimmers, to ensure the attention to citizens and visitors on the beaches Township.

In this way, City of Mar del Ayuntamiento of the capital will reinforce during the next months - until September 30 - the Red Cross service on the beaches of Las Canteras, El Confital and La Laja; While this service will cover Civil Protection on the beach of Las Alcaravaneras.

Thus, on the beach of Las Canteras the lifeguards will be from 10:00 to 20:00 hours every day of the week, with a reinforcement of vigilantes in the turrets that are located at the height of the streets Gomera, Tomás Miller, Olof Palme and Almansa. An ambulance and a boat as a nautical resource complete the surveillance and sanitary equipment.

At La Laja beach, the service is operational from 11:00 am to 6:00 pm with first aiders who will do the service on the beach and in the natural pools supported with a surveillance post and a portable module of attention to the public And first aid in the area of the Tower of the Wind. In El Confital Beach, there are first-aiders in a first-aid module from 11.30 am to 6.30 pm.
